}
```

Question-7

```
public class SubtractDoubles {
    public static void main(String[] args) {
        double a = 10.5, b = 4.3;
```

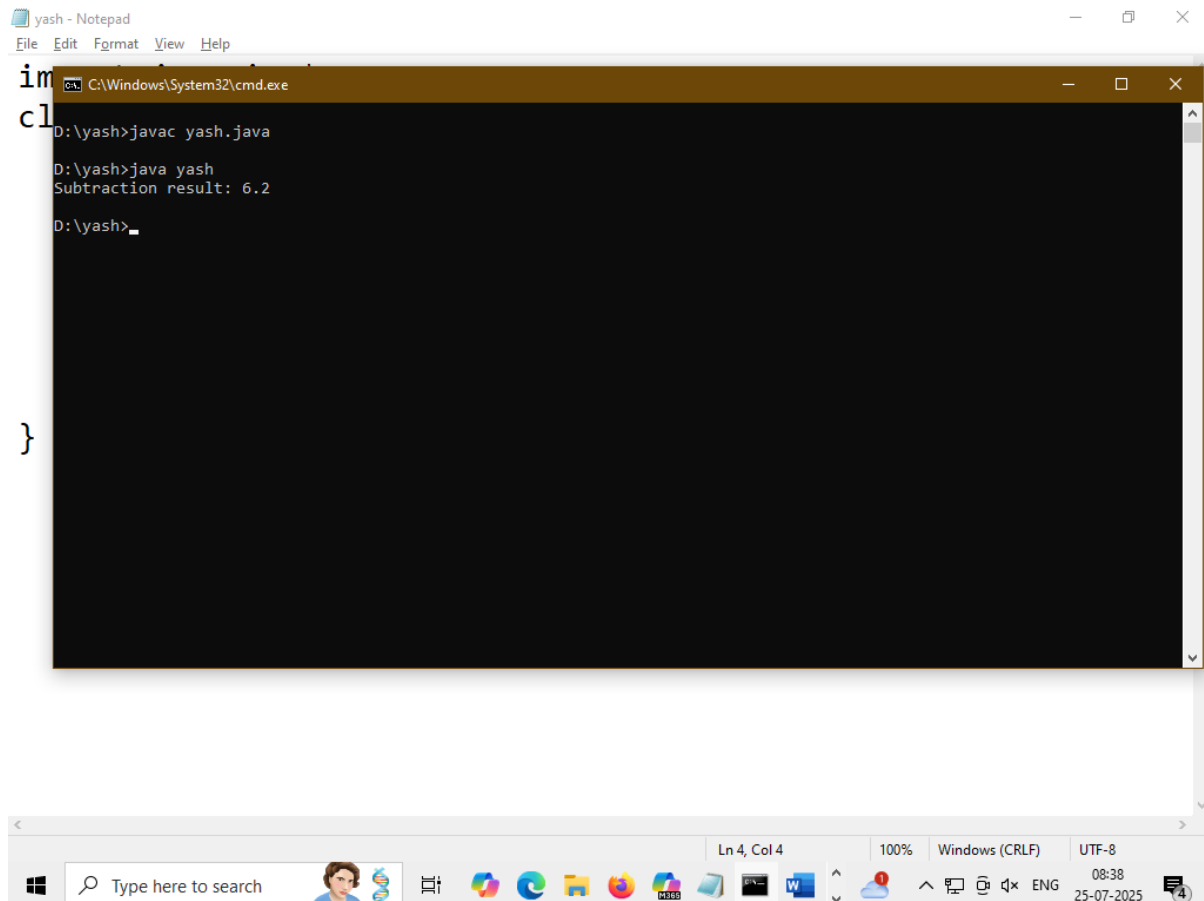

Machhoya yash roll no-34 24fotca11036

```
double result = a - b;
```

```
System.out.println("Subtraction result: " + result);
```

```
}
```

```
}
```

The image shows a Windows environment with two windows. The top window is a Notepad application titled 'yash - Notepad'. It contains the following Java code:

```
import java.util.Scanner;  
class yash {  
    public static void main(String[] args) {  
        double a = 10.5, b = 4.3;  
        double result = a - b;  
        System.out.println("Subtraction result: " + result);  
    }  
}
```

The bottom window is a Command Prompt titled 'C:\Windows\System32\cmd.exe'. It shows the following commands and output:

```
D:\yash>javac yash.java  
D:\yash>java yash  
Subtraction result: 6.2  
D:\yash>_
```

The Windows taskbar at the bottom shows the search bar, task view, and several application icons. The system tray on the right indicates the time as 08:38 on 25-07-2025.

Question-8

```
public class MultiplyFloats {
```

```
    public static void main(String[] args) {
```

Machhoya yash roll no-34 24fotca11036

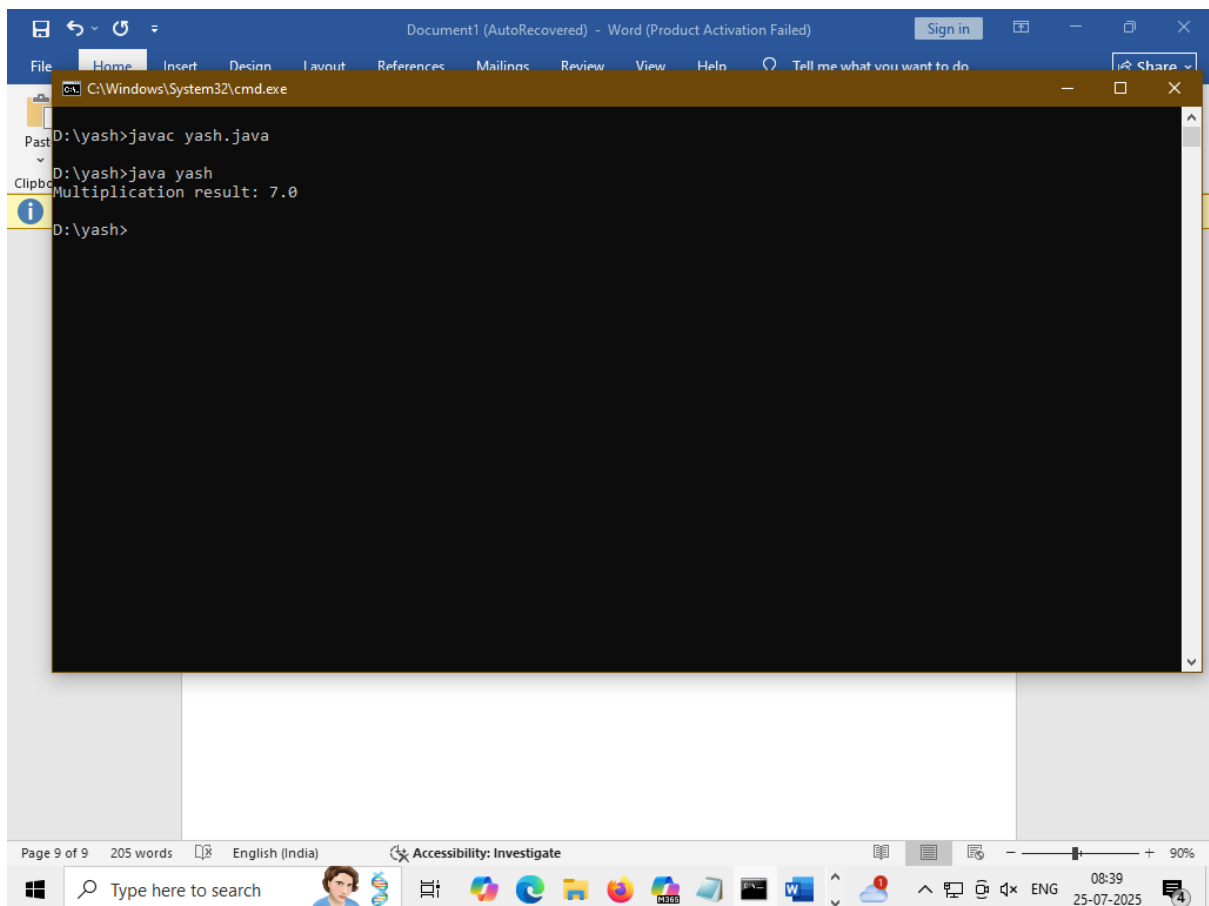

```
float a = 3.5f, b = 2.0f;
```

```
float result = a * b;
```

```
System.out.println("Multiplication result: " +  
result);
```

```
}
```

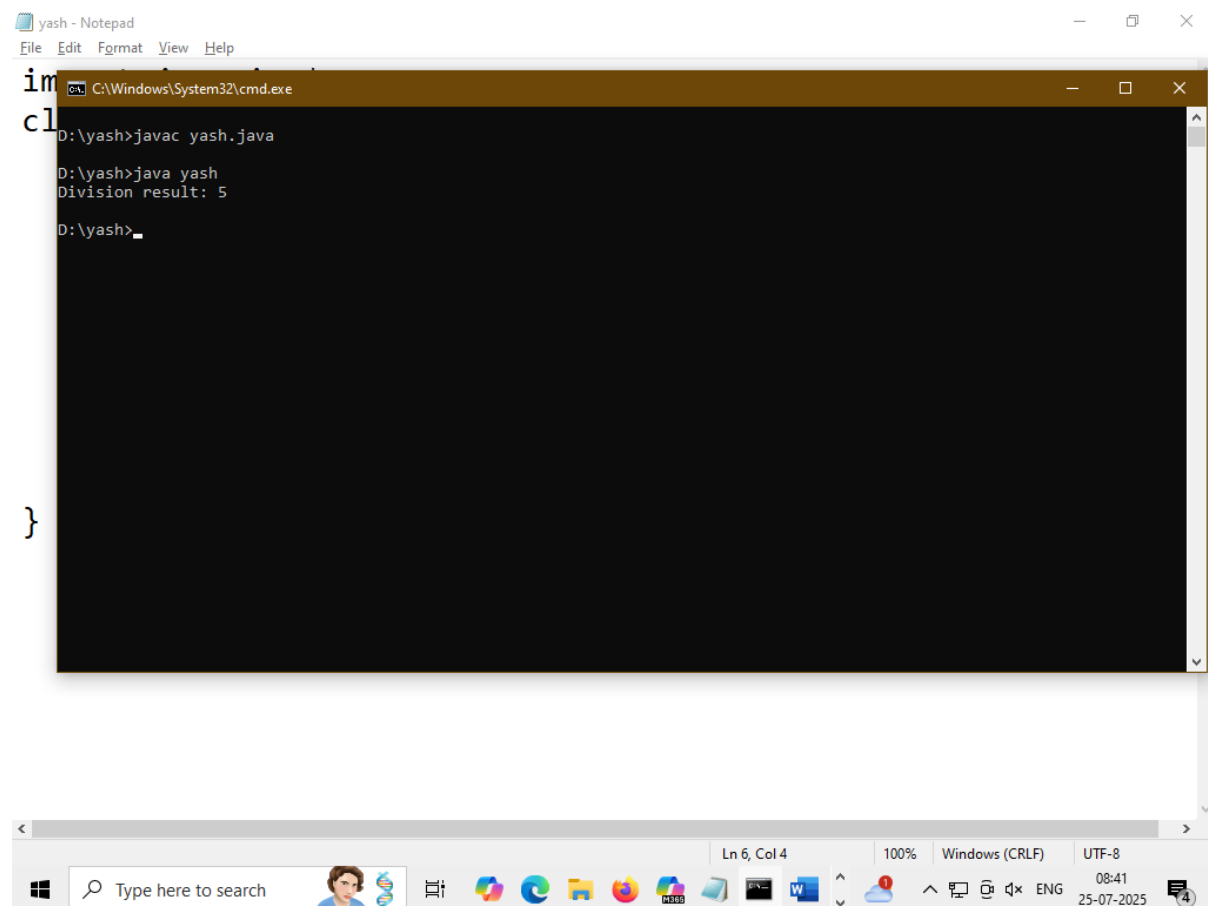

```
}
```

Question-9

Machhoya yash roll no-34 24fotca11036

```
public class DivideIntegers {  
    public static void main(String[] args) {  
        int a = 20, b = 4;  
        int result = a / b;  
        System.out.println("Division result: " + result);  
    }  
}
```

The screenshot shows a Windows desktop environment. In the background, a Notepad window titled 'yash - Notepad' is open, displaying the Java code for the 'DivideIntegers' class. In the foreground, a Command Prompt window titled 'C:\Windows\System32\cmd.exe' is open, showing the following commands and output:

```
D:\yash>javac yash.java  
D:\yash>java yash  
Division result: 5  
D:\yash>
```

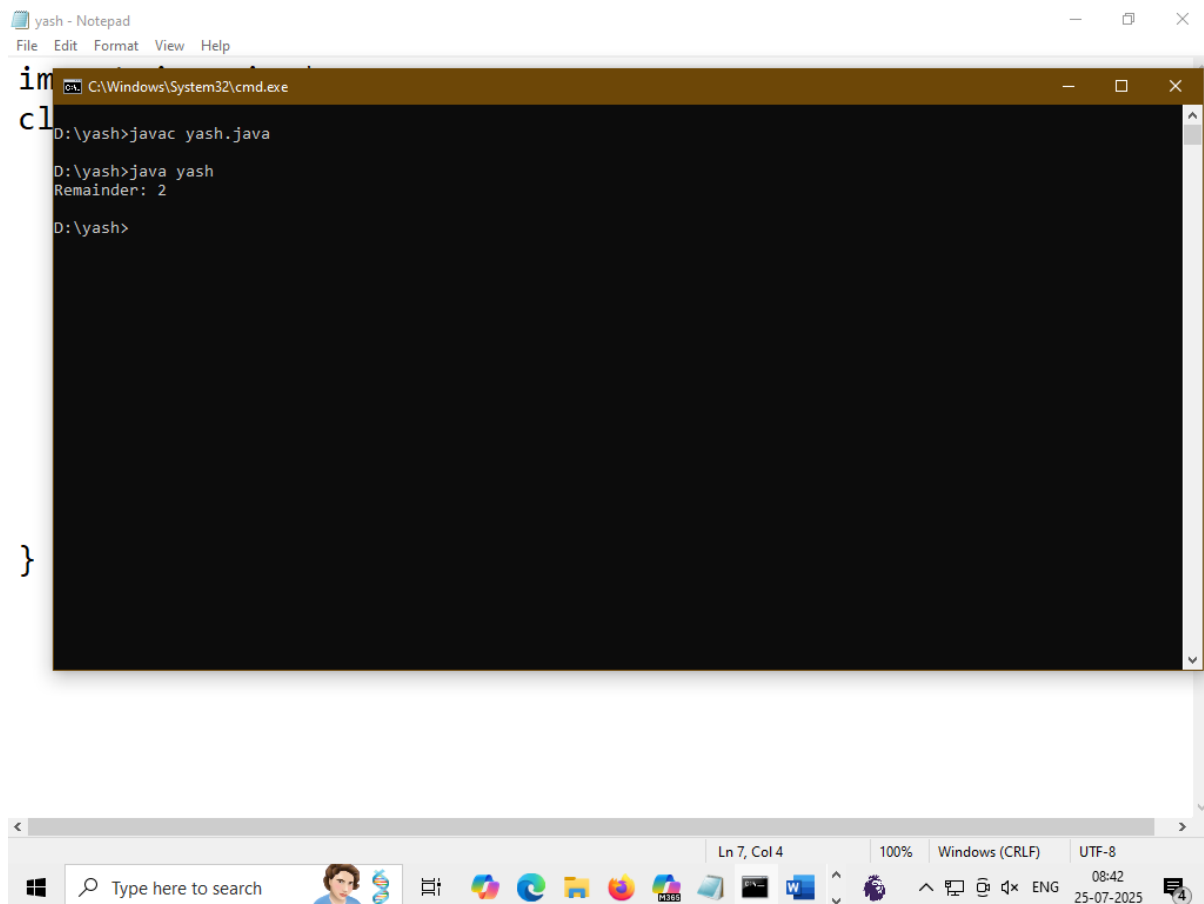

The Windows taskbar at the bottom shows the search bar, task view button, and several application icons. The system tray on the right indicates the date and time as 08:41 on 25-07-2025.

Question-10

```
public class RemainderIntegers {
```

Machhoya yash roll no-34 24fotca11036

```
public static void main(String[] args) {  
    int a = 20, b = 3;  
    int remainder = a % b;  
    System.out.println("Remainder: " + remainder);  
}  
}
```

The screenshot shows a Windows desktop environment. At the top, a Notepad window titled 'yash - Notepad' is open, displaying the Java code from the previous block. Below it, a Command Prompt window titled 'C:\Windows\System32\cmd.exe' is open, showing the following commands and output:

```
D:\yash>javac yash.java  
D:\yash>java yash  
Remainder: 2  
D:\yash>
```

The Windows taskbar at the bottom shows the search bar, task view button, and several application icons. The system tray on the right indicates the date and time as 08:42 on 25-07-2025.
